Compiled and Issued by  
The Queensland Government Intelligence and Tourist Bureau,  
Corner Edward and Ann Streets - - - Brisbane

**HIXCO** is "Easily First"  
for  
FURNITURE and  
FURNISHINGS

*For the Cottage, Mansion, Boarding House, and Hotel—when furnishing be sure to have quotations from HIXCO—it costs you nothing and will save you pounds*

*Remember HIXCO will arrange terms for you*

There are reasons why HIXCO quality furniture costs no more—its own factory of skilled craftsmen (who are continually planning and making new designs) and the up-to-the-minute machinery cuts cost of production to a minimum.

*Write for  
Catalogue*

## Introductory Notes

THE ever increasing demand for copies of this Directory, not only in Queensland, but to a greater extent in the Southern States of the Commonwealth, New Zealand, and Oversea, has made imperative the issue of this New Edition. The information has been thoroughly revised and brought up to date.

Whilst every effort has been made to obtain full and accurate information, and to supply such particulars as Tourists and the Travelling Public are likely to require to enable them to judge readily of the accommodation available at the chief towns and resorts, the *Director of the Government Tourist Bureau accepts no responsibility* for the accuracy of the information given herein. It should be distinctly understood that no establishment is recommended above another, as the onus of choice rests with the Visitor. The information has been supplied by the persons concerned.

The names of hotels marked with an asterisk (\*) denote that, at the date of compilation, the proprietors thereof held the Certificate of the United Commercial Travellers' Association of Australia.

Owing to the necessary data not being available from the Government Statistician, the figures denoting the population of many of the towns are approximate only.

The names of the various towns and tourist resorts have been alphabetically arranged.

# BRISBANE

Population 295,430

(within a 10-mile Radius)

**B**RISBANE, the Capital of Queensland, is the most picturesque city in the Commonwealth. It is situated on the beautiful and noble Brisbane River, about 18 miles from its mouth. Its climate closely resembles that of Southern Europe—that is to say, it enjoys one of the mildest temperatures in the world. Besides being the Metropolis of the State, Brisbane is the port and trade centre of many fertile districts. Behind it, to the immediate west, is the rich Moreton District—a flourishing province devoted to farming, stockraising, dairying, and coalmining. Beyond it again, across the Great Dividing Range, stretches the far-famed Darling Downs: 4,000,000 acres of the finest agricultural land, equal in area to the American States of Illinois and Missouri.

The Brisbane River is spanned by an imposing iron bridge, 1,022 feet in length, 74 feet in width, erected at a cost of £109,326.

The city contains many fine parks and recreation grounds, the principal being Queen's Park and Botanic Gardens, Centenary Park, New Farm Park, Bowen Park, Albert Park, Musgrave Park (South Brisbane), Mowbray Park, Newstead Park, Brisbane Cricket Ground (Fiveways), Victoria Park, Yeronga Park, One Tree Hill, and several others.

Many charming seaside and mountain resorts are within easy distance of the Metropolis, the principal being Cleveland, Redland Bay, Humpybong, Redcliffe, Bribie, Caloundra, Manly, Sandgate, Southport, Burleigh Heads, Coolangatta, Tweed Heads, Blackall Range, Buderim Mountain, and Tamborine Mountain, full information about which is given in the Bureau publication "From Noosa to the Tweed."

A fuller description of Brisbane will be found in the booklet, "The Pocket Brisbane," issued by the Intelligence and Tourist Bureau, which may be had on application at the office of the Bureau.

**Lennons**

## BUDERIM MOUNTAIN (pop. 700).

A plateau some 600 feet above sea-level, 6 miles from Palmwoods, North Coast Railway, with which it is connected by tramway. Beautiful seascapes and mountain scenery. Citrus, banana, strawberry, and coffee-growing district. A recognised health resort.

## BUNDABERG (pop. 11,000).

An important city on the North Coast Railway Line, 217 miles from Brisbane. A rich agricultural, dairying, and sugar-growing district. The city is situated on the Burnett River, which is spanned by two bridges. Steamers of considerable size can navigate the river up to the town wharves. Sandhills, Neilson Park, distant 7 miles, Burnett Heads, distant 8 miles, and Barolin Coast, distant 14 miles, are well worth visiting. The drive to either place is delightful. Good fishing in the Burnett River. North Bundaberg has estimated population of 2,000.

<b>CAIRNS (pop. 9,500).</b>					
An important seaport on the North Coast Railway, 1,043 miles north of Brisbane, and 211 miles north of Townsville. Splendid harbour. One of the best known tourist resorts in Queensland. The centre of a rich agricultural district. Within easy reach of the city are several large sugar plantations and three important sugar-mills, which are most interesting to visitors. The country at the back of Cairns is one of the richest mineral districts of the State, and is being largely developed. For the tourist the district has many charms. The scenery along the railway line includes wonderful scrub country, grand mountain scenery, and the famous Stony Creek and Barron Falls. Further inland, at a distance of 68 miles, is Atherton, one of the finest districts in the State. The Herberton district is also worth a visit. Tourists can comfortably enjoy a stay of ten days in the district. The sugar-mills at Gordonvale and Babinda are well worth inspection. Innot Hot Springs at Mt. Garnet, and Chillagoe and Mungana Caves, should also be visited. The tourist traveller's attention is drawn to the splendid "White Car" service operating between Cairns and Yungaburra, Atherton Tableland. (For details See Advertisement, page 159).

EVERY TIME YOU DRINK

## HELIDON SPA

YOU DRINK HEALTH!

*Here, briefly, are the main points about this magnificent  
AUSTRALIAN TABLE WATER,  
which has won to its present unchallenged position  
purely on its merits.*

It conforms to the World's Highest Standard as an Ideal  
Mineral Water.

It contains, in perfect proportion and ideal combination,  
just those elements that are needed for health and  
recuperative purposes.

It is the pure product of Nature, distributed untouched  
and untampered with to the public.

It carries off with it the more insoluble waste products of  
the system, cleanses the tissues and prevents the accumula-  
tion of uric acid— forerunner of gout and rheumatism.

It is palatable, refreshing, and an ideal "blend" with  
anything from whisky down to milk.

It is the same in bottle, or in barrel ; at the Springs, or in  
the glass before you.

It is at once dependable, delicious, and depurative.

*Obtainable at all Leading Hotels, Clubs, & Refreshment Rooms*

# HOTEL KURANDA, KURANDA, N. Queensland.

**The Mecca of the Australian Tourist.**

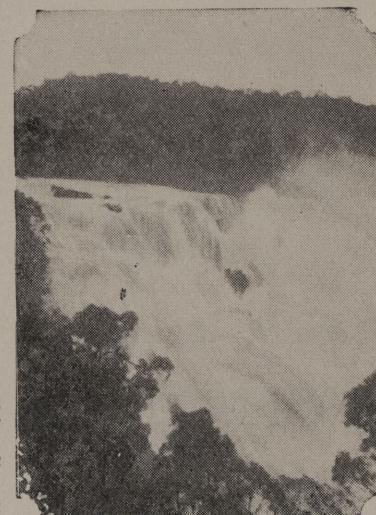

*For particulars re Tariff please communicate with Hotel Manager*

HE ideal holiday is one where healthy surroundings are combined with beautiful scenery and pleasant companionship. When to these are added the comforts of a thoroughly up-to-date hotel, the tourist has found his happy hunting ground.

Here, in the land of magic, stands a hostelry which provides the visitor with everything he can ask for in the way of hotel comfort. It overlooks the Barron River, which, peaceful enough here, a short mile away hurls itself recklessly over a 700 ft. precipice to the rocky gorge below.

Almost within a stone's throw, the Barron River affords excellent facilities for swimming, while the tennis enthusiast is catered for in the charming grounds of the hotel.

**ROCKHAMPTON (pop. 30,000).**

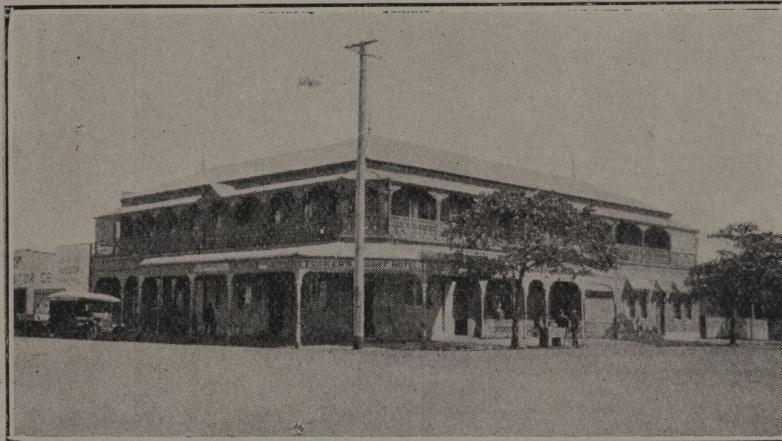

The commercial capital of Central Queensland ; 397 miles from Brisbane, on the North Coast Railway. The city is situated on the Fitzroy River, which is navigable up to the city wharves. Rockhampton is the outlet for a district marvellously rich in agriculture, dairying, pastoral, and mining industries. The streets are well laid out. Rockhampton has beautiful surroundings, and its Botanical Gardens are the finest in the State. The city has a plentiful water supply, and is lighted at night by gas and electricity. There are many beauty spots in the district. Some delightful motor trips around the city by tourist car. Good shooting and fishing. Lakes Creek Meatworks, distant 5 miles ; Mount

picturesque. The city is well supplied with water, and is lighted at night by gas and electricity. The streets are planted with beautiful shade-trees of luxuriant growth. Magnificent views can be obtained from Picnic Point, Tick Hill, Webb Park, and other points handy to the city. The surrounding district is closely settled by a large population engaged in agriculture, dairying, fruit-growing, and timber-getting. A few weeks can be spent here by tourists, who will find the bracing mountain air most delightful. Many beautiful drives can be had at moderate cost. The National Park at Ravensbourne is well worth a visit.

**TOWNSVILLE (pop. 30,200).**

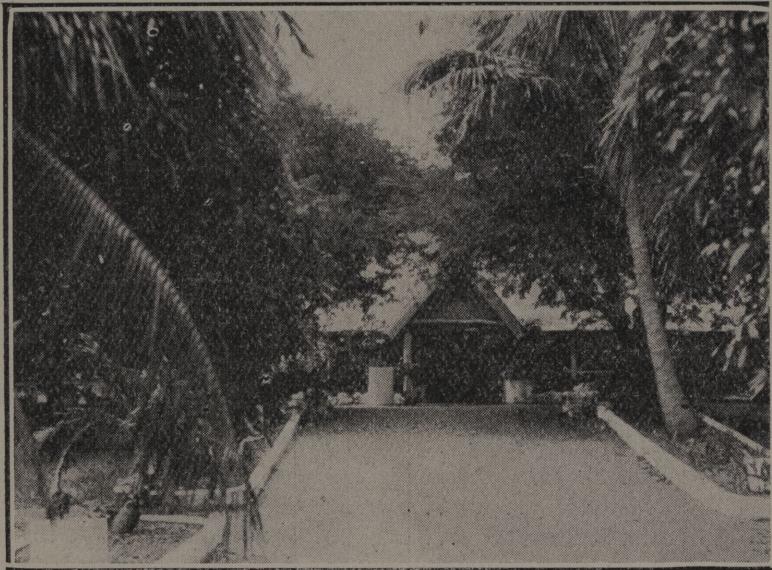

Townsville is the commercial capital of Northern Queensland. Situated on Cleveland Bay, 831 miles from Brisbane by the North Coast Railway. The city is a progressive one, and the port is the second in importance in the State. A fine harbour has been constructed, which can accommodate vessels of large tonnage. Considerable quantities of frozen beef and canned meats are exported annually from the Ross River and Alligator Creek meatworks. From Townsville tourists can reach many places of interest and beauty. Small steamers ply from here to ports further north, via the famous Hinchinbrook Passage, with its scenery of surpassing grandeur. This passage cannot be viewed from the larger interstate steamers, which should be left at Cairns, and the return journey from that port should be done by the smaller steamers as far as Townsville, where the interstate steamers can again be picked up. Motor launch runs regularly to Magnetic Island, a popular health resort in Cleveland Bay. A fine panoramic view can be obtained from Castle Hill, at an altitude of over 900 feet. Splendid shooting in the season at Cromarty, 24 miles by rail, on the Ayr Line.

# The Cairns-Yungaburra "White Car" Service

## "Australia's Wonderland Highway"

**T**OURISTS from all parts of the world who have visited Queensland's wonderful North have acclaimed the Cairns-Tableland trip as "Australia's wonderland highway." The construction of this highway through the mountains is regarded as an engineering masterpiece, and cost approximately £130,000

Our drivers take Tourists in the safe, fast, comfortable White Cars along this road with its verdant semi-tropical foliage, its stately trees, and its gorgeous scenery. They know every inch of the road, are proud of their district's asset, and tell travellers anything they want to know about the district

En route to Yungaburra the cars pass the 256 acres Lake Barrine, and around this lake numbers of Aboriginal legends devolve

White Cars regularly traverse the roads between Cairns, Malanda, Yungaburra, and Atherton, and every Tourist or Traveller prefers the White Car Service

On the Cairns Range Motor Road

### Special Trips by the WHITE CAR SERVICE

The White Car Service arranges special trips to all beauty spots and places of interest round Cairns and Tableland for the benefit of Tourists
